Education

Postdoctoral Fellow

Emory University Dept. of Psychology (7/2017 - present)
North American Prodrone Longitudinal Study (NAPLS) Postdoctoral Fellow.
Primary Mentor: Elaine Walker, Ph.D.

NIMH T32 Postdoctoral Fellow

Yale University Medical School (7/2015 - 7/2017)
Research fellowship in functional disability interventions. Director: Morris Bell, Ph.D.
Primary mentor: Scott Woods, M.D.
Co-mentors: Jason Johannesen, Ph.D.; Joanna Fiszdon, Ph.D.

Doctor of Philosophy, Clinical Psychology

University of Nebraska-Lincoln. (8/2015)
Advisor, Dissertation Chair: William D. Spaulding, PhD
Dissertation (defended May 2014): *ERP Correlates of Social and Nonsocial Cognition*

Predoctoral Internship in Clinical Psychology

V.A. Connecticut - West Haven. (7/2014 - 6/2015)
General Mental Health - Serious Mental Illness track

Master of Arts, Clinical Psychology

University of Nebraska-Lincoln. (5/2010)
Major Advisor: William D. Spaulding, PhD
Thesis: *Psychometric Analysis of an Updated Version of the Schizotypal Personality Questionnaire Brief Revised in a Large Undergraduate Sample*

Post-Baccalaureate Continuing Coursework

Harvard Extension School and Brigham & Women's Hospital (2006 - 2008)

Bachelor of Arts

Vanderbilt University: Musical Arts major and Psychology minor. (5/2006)

Awards & Fellowships

Young Investigator Travel Award: International Congress on Schizophrenia Research, 2017.

Fling Fellowship: UNL Graduate Studies *Maude Hammond Fling Fellowship*, 2013-2014.

\$20,000 + tuition, fees, and University's portion of insurance premium

Faculty Commendation: UNL Clinical Psychology Training Program *Faculty Commendation for Excellent Performance*, 2013

RAC Travel: *Research Advisory Committee* Travel Awards / Supplemental 'Reward' Travel, 2008-2014. Total: \$4,300

Warden Research: UNL *Warden* Research Support 2011-2013. Total: \$487

Oltmer Fellowship: UNL *Othmer Graduate Fellowship*, 2008-2010. Total: \$15,625.

APA Graduate Students: *Excellence in Campus Leadership Award* September 2009.

ABCT SIG Poster Award: Association for Behavioral and Cognitive Therapies: Schizophrenia Special Interest Group. *Student Poster Award*, 2009. Total: \$50

Summa Cum Laude: Vanderbilt University, *Summa Cum Laude*, 2006

Moennig Scholarship: Vanderbilt University *William H. Moennig Memorial Scholarship*, 2002-2006.
Full tuition plus portion of room/board.

Published Articles

Research Experience

Sleep and mobile phone use study

Principal Investigator, (12/2017 - present)

Designed and implemented a study, in collaboration with Emory Psychology and Neurology faculty, to evaluate the cognitive, behavioral, and emotional effects of mobile phone use on sleep among college students, as well as the clinical sleep behavior effects of self sleep monitoring and trying to reduce bedtime mobile device usage. Mentoring four undergraduate R.A.s as part of this project.

North American Prodrome Longitudinal Study (NAPLS 3): Emory University

Postdoctoral Fellow, (7/2017 - present)

Conducting, collaborating, and mentoring trainees for research at Emory University and with NAPLS 3 consortium. Also establishing research collaborations with the Emory Sleep Clinic and Rollins School of Public Health.

Pilot EEG test-retest study

Principal Investigator, (8/2016 - present)

Designed and implemented a study, in collaboration with Yale Child Study Center, to evaluate test-retest reliability of EEG acquisition during the Cyberball social exclusion task, which has not been studied as a repeated measure but is a promising treatment biopsychological outcome measure.

NIMH T32 Research Fellowship in Functional Disability Interventions

Postdoctoral Fellow, Yale University Medical School (7/2015 – 7/2017)

Training in identification and intervention for people at clinical high-risk for psychosis, including ongoing collaboration with Drs. Fiszdon and Johannesen examining clinical interventions for schizophrenia, and examination of neurophysiological and social cognitive changes in clinical-high risk with Drs. Woods and Johannesen as part of NAPLS multi-site collaborative research.

Grant Submitted: NIMH K23 Career Development Award “Social cognitive group therapy and brain outcomes in youths at risk for psychosis.”

Principle Investigator. Submitted 6/2016 and 3/2017. Not funded.

Proposed to adapt and test Social Cognition and Interaction Training for teenagers at-risk for psychosis, targeting social thinking related to paranoia and examine treatment mechanisms including EEG indicators of social brain processes during social exclusion.

Grant Submitted: PCORI-P2P Independent Tier III Award "Studying the comparative effectiveness of cognitive behavioral therapy versus hearing voices network participation."

Co-investigator. Submitted 9/2016. Principal Investigator: Philip Corlett, PhD.

Patient-Centered Outcomes Research Institute submission proposes to engage community stakeholders, especially those who hear voices, to determine person-centered outcomes for clinical effectiveness research and engage participants who do not typically engage in psychiatry research.

Dissertation: “Event-Related Potential (ERP) correlates of social and non-social cognition.”

Principal Investigator, Fall 2012 - Fall 2014. Defended: May, 2014.

Committee Chair: William Spaulding, PhD

Committee Members: Debra Hope, PhD, James Bovaird, PhD, Dennis Molfese, PhD

Electrophysiological brain responses to emotional, sub- and supra-liminal face stimuli related to neurocognition, social cognition, and social functioning in undergraduates stratified for schizotypy.

Proquest #3642666; UNL Digital Commons: <http://digitalcommons.unl.edu/psychdiss/69/>.

Grant Submitted: NIMH NRSA (F31) - “ERP correlates of social and nonsocial cognition.”

Principal Investigator. Sponsor: William Spaulding, PhD; Co-Sponsor: Dennis Molfese, PhD; Consultant: Margaret Niznikiewicz, PhD.

Priority scores: 1st submission (4/2011): 35 / 45%; 2nd submission (12/2011): 37 / 34%

Authored, submitted and re-submitted grant proposal for FOA PA11-111. Not Funded. Project completed as the applicant’s dissertation project, above.

Substance Abuse and Violence Initiative (SAVI)

Research Assistant, 1/2013 - 6/2013

Coordinated multi-university, multi-disciplinary Strategic Research Cluster Grant; website and listserv; symposia, guest lectures, and state-wide meetings.

OMNI Behavioral Health, Nebraska DHHS Division of Developmental Disabilities

Consultant, 12/2011 - 6/2012

Developed proposals/pilots to fund program evaluation and development for adult intellectual disability and child and adolescent behavioral health services, including scale validation in outcome measurement, clinical feedback systems, and behavioral analysis in adult inpatient program.

Master's Thesis: "Psychometric analysis of an updated version of the Schizotypal Personality Questionnaire - Brief Revised (SPQ-BR) in a large undergraduate sample."

Principal Investigator, Fall 2011 - Spring 2012.

Confirmatory factor analysis of 2413 online survey responses for improving scale wording and evaluating the stability of scale psychometric properties.

Survey-Based Psychometric Evaluation of Social Cognition and Social Functioning Scales

Principal Investigator, Fall 2010 - Fall 2012.

Collected undergraduate sample of 894 responses to computerized questionnaire including emotion perception, self-efficacy and externality, social functioning, subclinical psychiatric symptoms, and relevant historical variables. Compared to separate sample of outpatient participants with SMI.

Comprehensive Inventory of Mental Health and Recovery and Rehabilitation Services (CIMHRRS), Lincoln Regional Center Building 5.

Assistant, 5/2009

CIMHRRS is a program evaluation tool to measure Recovery and Rehabilitation Orientation. Served as rater for an inpatient psychiatric rehabilitation unit.

Randomized-Controlled Trial of Social Cognition and Interaction Training

Assistant, 9/2008 - 3/2009

Completed four-hour biopsychosocial assessment batteries at three timepoints for 11 individuals with schizophrenia-spectrum diagnoses as part of waitlist-controlled trial of Social Cognition and Interaction Training at two outpatient day program settings.

Lincoln Regional Center Psychiatric Rehabilitation Program: Policy, Process, & Outcome

Project coordinator, 6/2009 - 8/2010

Completed chart review and assisted in developing database to extract and deidentify relevant data for research program set in inpatient treatment program that was unexpectedly closed.

Clinical Decision Support System for Psychiatric Rehabilitation

Project coordinator, 8/2009 - 8/2010; continued collaboration through 2011

Conducted and supervised integrated psychological testing (*CMHC Psychological Assessment Extern*), managed that database; facilitated interdisciplinary research team meetings, seminars, and invited speakers; and coordinated research projects: artificial neural network analysis, domain ontology, and adjunct SBIR proposal.

Psychiatry Neuroimaging Laboratory (PNL), Brigham & Women's Hospital

Research Assistant and Database Manager, 6/2006 - 8/2008

Responsibilities included: Processing structural MRI data for participants with first-episode schizophrenia, chronic schizophrenia; assisting in grant preparation; developing reliable segmentation and analysis techniques for structural MRI and DTI; assisting with statistical analysis; and coordinator for image processing core within collaboration for VA-based PTSD project.

Laboratory of Personality and Psychopathology, Emory University

Undergraduate Research Assistant, Summer 2004 and 2005

Worked on study examining clusters of personality traits as conceptualized by expert clinicians using the Q-sort method (SWAP200).

Psychological Helping and Support Research Group, Sub-Department of Clinical Health Psychology, University College London

Research Assistant, Spring 2005

As part of review of mutual support groups' effectiveness studies, developed a replicable PsycInfo and PubMed literature search methodology (Boolean string), then evaluated each applicable result.

Professional Memberships

ABCT Association of Cognitive and Behavioral Therapies, 2008-present.
SRP Society for Research in Psychopathology, 2011-present.
PsySR Psychologists for Social Responsibility, 2018-present.
APA American Psychological Association, 2008-16.
APA Division 18, 2014-16.
APS Association for Psychological Science, 2013.

Academic Service

ABCT Association of Cognitive and Behavioral Therapies
ABCT Program Committee, 2015-present.
Schizophrenia and SMI Special Interest Group; Recruitment Committee, 2015-2016, *Treasurer*, 2016-present.
Self-Help Book Review Committee; Reviewer, 2017.
UNL Psychology Research Advisory Committee: Student Representative (elected), 2012-2013.
APA Graduate Students: Campus Representative. 2009 – 2010.

Clinical Experience and Licensure

Clinical Psychology License

Georgia PSY004112 (7/25/2017 - present)

Connecticut 3626 (12/29/2016 - 12/31/2017)

NPI # 1306154885

CAQH # 14230492

Atlanta Center for Cognitive Therapy

Psychologist (3/2018 – present)

Part-time private practice.

North American Prodrome Longitudinal Study (NAPLS 3): Emory University

Postdoctoral Fellow, (7/2017 - present)

Clinician for ongoing assessment and psychological services at Emory site for NAPLS 3 consortium, targeting help-seeking adolescents and young adults at increased risk for psychosis.

Pilot clinical feasibility study

Principal Investigator, (6/2016 – 6/2017)

Developed and implementing a pilot feasibility study of Social Cognition and Interaction Training adapted to the needs and preferences of teenagers at clinical high risk for psychosis.

Hearing Voices Network (HVN)

Facilitator, (6/2016 - present)

Trained facilitator of mutual support groups centered on core values: unshared experiences are common and real, no judgment is placed on individual experience, individuals can change their relationship with and experience of voices, talking about unshared experiences is valued, and unshared experiences are not definitive signs of illness.

Connecticut Mental Health Center / Yale Psychiatry PRIME Clinic

Postdoctoral fellow, (7/2015 - 7/2017)

Conduct individual and group therapy with help-seeking participants at-risk for psychosis, and training in community outreach as well as assessment and identification methodology.

VA Connecticut - West Haven: Predoctoral Internship in Clinical Psychology

Intern General Mental Health - Serious Mental Illness track, 7/2014 - 7/2015

Rotating through Cognitive Skills Clinic, Community Reintegration Program (PRRC), and Inpatient Unit, in addition to a variety of generalist and SMI-specific training sites.

Midtown Adult Day Rehabilitation Center

Group Skills Training (volunteer and extern), 6/2009 - 5/2014

Supervisor: Mary Sullivan, MSW and Joseph Swoboda, PhD

Day psychiatric rehabilitation program for people with SMI.

Project PEACE

Facilitator, 2/2013 - 3/2013

Supervisor: David DiLillo, PhD

Four-session pilot group therapy for individuals who may experience intimate partner aggression.

Community Transition Program at the Heather
